Good day.

My name is Brandon Dwyer. I was a clean elections candidate for the 2016 election cycle and am currently thinking about running as a clean candidate again in 2018.

R2-20-702(B) Option A.

I would not run as a clean elections candidate again. Chances are I wouldn't run in 2018 if this option passed.

R2-20-702(B) Option B.

I used my normal campaign funds to purchase access to the voter file. I would have trouble running as a clean elections candidate again. More likely I wouldn't run in 2018 if this option passed.

R2-20-702(B) Option C. Sets out some great starting ground rules. If these rules were in place before the 2016 campaign it would have made life easier. I only have objections with one section.

R2-20-702(B) Option C Section F. *The Commission shall also be provided with documentation from the mail house, printer or other original source showing the number of mailers printed and the number of households to which a mailer was sent. Failure to provide this information within seven days after a mailer has been mailed may be considered as evidence the mailer was not for direct campaign purposes.*

This sets an undo burden on the printing house. It has also been my experience that print shops typically do not respond in a timely manner if at all. Many times I had to physically show up to their place of business to get a response or solve a problem. The candidate should submit the final invoices to the clean elections commission within seven business days. This extra burden will cause some print shops to turn away candidates.

Getting a print shop to do anything in a timely manor let alone extra uncompensated paperwork will lead to multiple violations from multiple campaigns.

Thanks for listening

Brandon Dwyer
